

Industrial Embedded Computers

- Sleek and compact
- Highly configurable
- Support leading Intel technology
- Fanless and solid state design

- Industrial GPU Computer
- Accelerate machine learning applications
- Highly configurable

- 8th/9th Gen Intel Chipset
- Fanless & hot swappable SSD
- Wide range input (9-30 Volts)
- Ignition sensing

Industrial Panel Computer

- IP65 Rated bezel with resistive or projective capacitive touch
- Superior mounting capabilities
- Supporting Intel Atom and i3/i5/i7 processors

Industrial Touch Screen Monitor

- IP65 Rated aluminum bezel
- Slim stylish Flat Panel Design
- 15", 15.6", 17", 19", 21.5" Industrial LCD
- PCAP multi touch or resistive touch

Rugged Mobility Products

- Sleek, compact, highly configurable
- Supporting the latest Intel leading edge technology
- Variable power & fanless

- 5ft Impact resist housing
- IP65 Rated designs
- 10.1" & 12.2" Rugged Tablet
- Forklift mounting capabilities

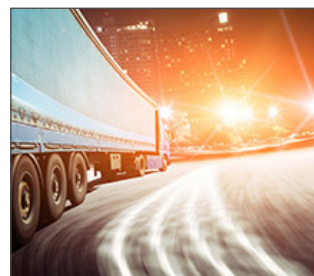

- Supporting 1D and 2D symbologies
- Dust and water protection - IP64
- Wireless and Bluetooth
- Multi-interface - USB and RS232
